

TRAVEL

Here is the internet site of the airport with the list of airlines flying directly to Krakow: <http://www.krakowairport.pl/en>

When travelling by air, the nearest airport is Kraków-Balice with direct train connections to the city centre. The journey takes approximately 15 minutes. The tickets are available on the train and from the vending machines at the airport (about 3 euro).

There is also a bus connection (bus 292, 208 - the tickets can be bought from the driver or a vending machine at the bus stop). The journey takes approximately 40 minutes.

Commuting from the airport to the hotel by taxi would cost around 20 euro.

If you arrive at the Warsaw airport, there is a good Intercity train connection. The railway station in Kraków is located practically in the city centre.

In any case, please consult the [HOW-TO-GET-TO / JAK DOJĄDĘ Kraków](#) app.
